

Are You Being Asked to Do More with Less?

ENGAGING STUDENTS THROUGH PERSONALIZED LEARNING

If so, netTrekker is a solution you can't afford *not* to have.

“Recent budget cuts have reduced our teacher librarian support at the middle level, so we’re training classroom teachers to use all of netTrekker’s tools.

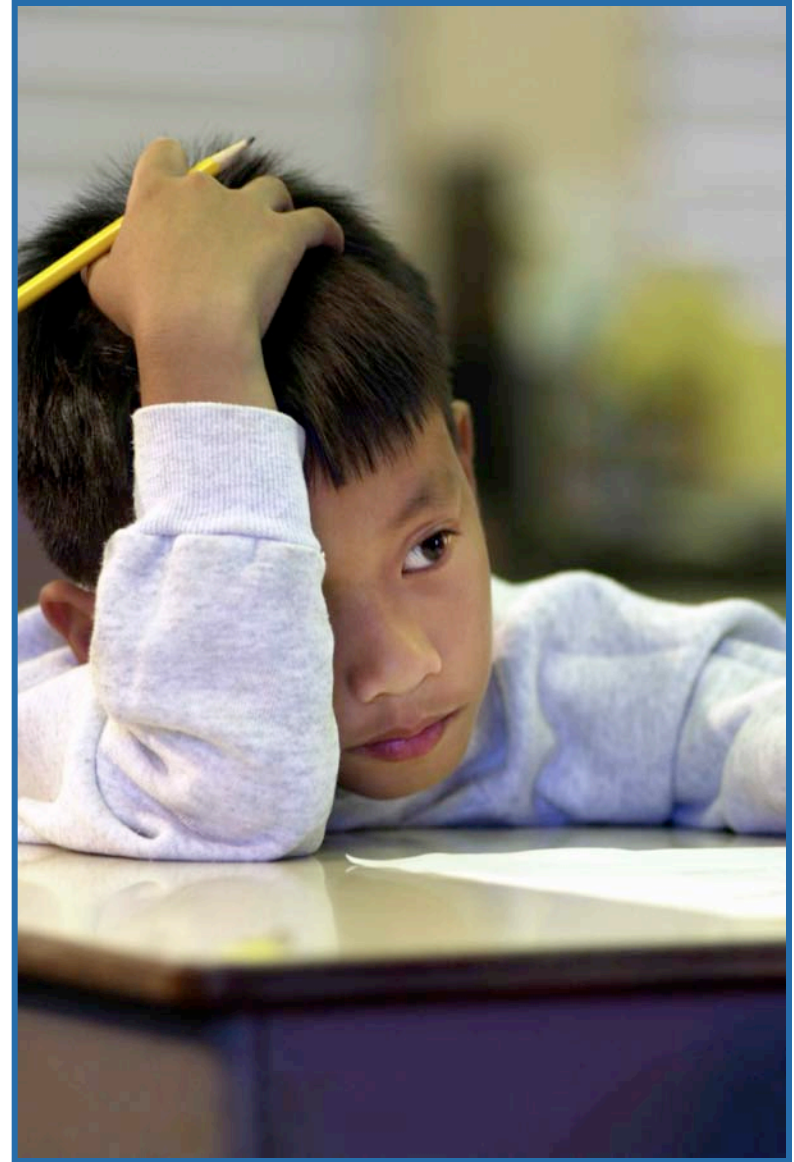

As everyone tries to do more with less, netTrekker will help us organize Internet resources, differentiate instruction, and address the language needs and reading levels of our diverse student population.”

Julie Bowline | Director of Instructional Technology and Library Services
Adams 12 Five Star Schools | Colorado

Less budget, fewer people, larger class sizes, tough times.

How do you minimize the negative impact on your students' education?

When you're faced with having to do more with less. . .

netTrekker just might be the answer.

- **Students** find resources that meet their personal learning needs in a safe environment.
- **Teachers** have a faster way to find and share resources for differentiating their lessons, despite increasing class sizes and diverse student needs.
- **Districts and states** have a cost-effective option for personalizing learning in the 21st century.

Spend Less Time Searching, More Time Teaching and Learning

Digital Content

netTrekker Review Process

- Hand-selected by educators
 - Aligned with YOUR state standards
 - Organized by grade and readability level

300,000 Safe K-12 Resources

- Lesson Plans
- Images
- Video
- Learning Games
- Audio
- Podcasts

Differentiated Instruction Tools Applied

- ELL/ESL Channel
- Dictionary/Translation Hot Key
- Multilingual Resources
- 21st Century Skills Channel

netTrekker harnesses the power of the Internet to align educational resources to criteria such as:

- Media type
- Source
- Language
- State standards
- Reading level
- Grade level
- Subject
- And more

Increase Efficiency and Effectiveness

Teachers and students can quickly find the most relevant digital resources that meet their unique learning needs.

As district budget cuts force schools to do more with less, teachers are in dire need of solutions that make it ***faster and easier*** to:

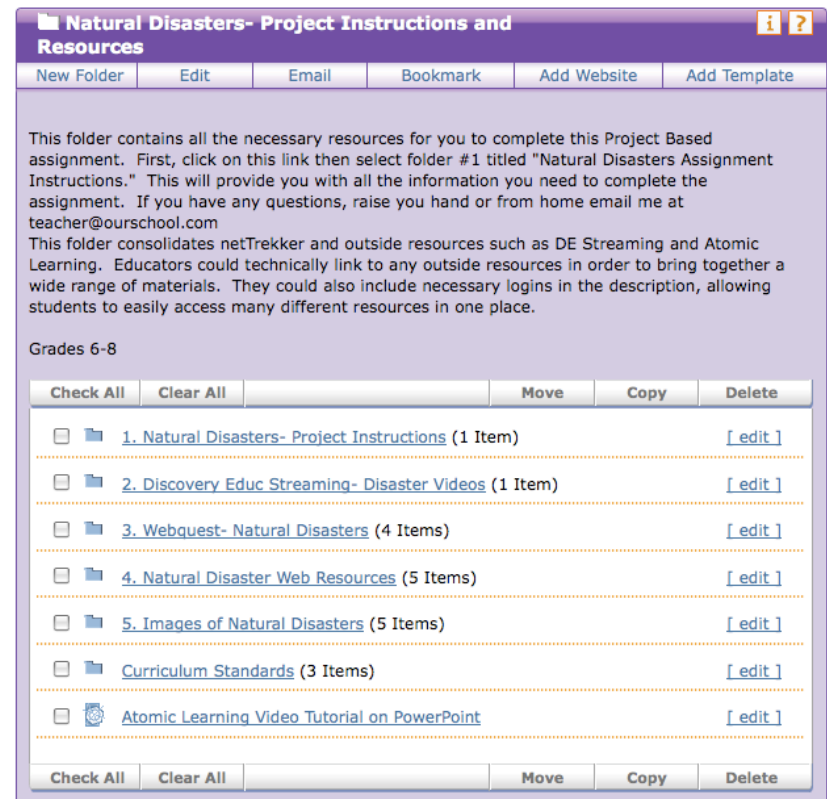

- Prepare for lessons
- Differentiate instruction
- Engage students in an effective learning experience.

Easily Organize and Share Digital Content

netTrekker's **My Portfolio** gives teachers an easy way to organize and share their favorite sets of digital resources with individual students, other teachers within the school, or with the entire district.

- **Save** valuable planning and instructional time
- **Support** collaboration
- **Create** assignments and facilitate project based learning

Natural Disasters- Project Instructions and Resources

New Folder Edit Email Bookmark Add Website Add Template

This folder contains all the necessary resources for you to complete this Project Based assignment. First, click on this link then select folder #1 titled "Natural Disasters Assignment Instructions." This will provide you with all the information you need to complete the assignment. If you have any questions, raise you hand or from home email me at teacher@ourschool.com

This folder consolidates netTrekker and outside resources such as DE Streaming and Atomic Learning. Educators could technically link to any outside resources in order to bring together a wide range of materials. They could also include necessary logins in the description, allowing students to easily access many different resources in one place.

Grades 6-8

Personalize Learning for Every Student

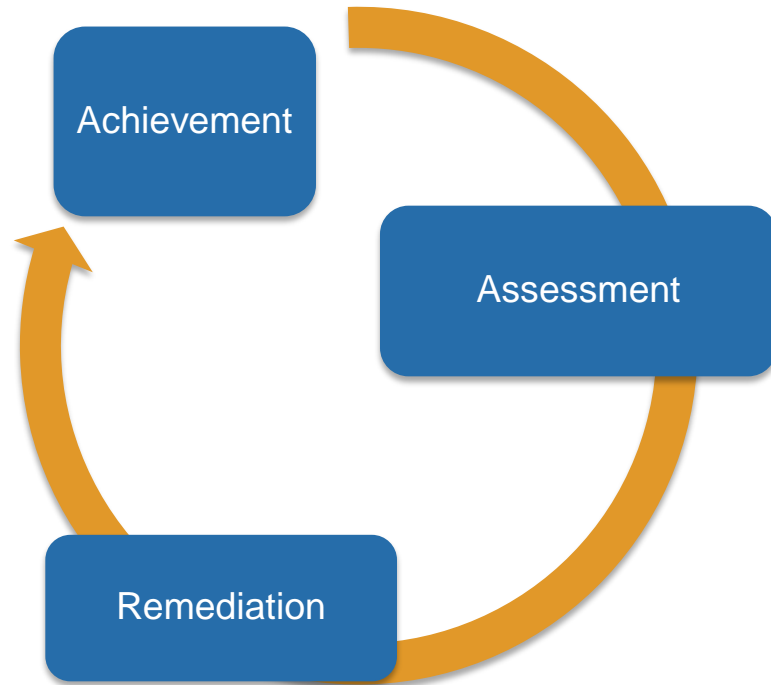

As budgets are cut and class sizes grow, it might seem more difficult to **personalize the learning experience** for *every single student*—a **key factor in AYP success**.

netTrekker's unique set of personalized learning tools helps teachers meet individual student learning needs in an **amazingly efficient manner** taking less time to differentiate instruction.

- Read Aloud Text-to-Speech Support
- Dictionary/Translation Hot Key
- Customized Content for English Language Learners
- Readability Ratings

Provide Equity and Close Achievement Gaps

Integrations with many assessment programs help teachers to finally **answer the “now what?” question.**

Go directly **from assessment data** and the identified area of deficiency **to standards-aligned resources** for remediation in netTrekker.

Ensure that **every student** is learning and achieving.

Leverage Your Existing Programs

How can you add more value to your current programs with netTrekker?

- **Integrate** with many other technology programs to help maximize your technology investment across multiple departments by offering additional value to all stakeholders.
- **Add** the content that can bring your hardware investments to life

Safer, Faster Access to the Best Digital Educational Resources Available

The added convenience of **24/7 access for all users** helps extend learning beyond the classroom and gives **students, teachers, and parents** the digital educational resources they need, when and where they need them.

- Hundreds of thousands of engaging resources specifically designed for students
- Lesson plans and other exciting teacher tools
- Built-in collections from Promethean, SMART, Teachers' Domain and TeachEngineering
- Integrations with leading content providers like BrainPOP and Weekly Reader Express

A Must-Have When Resources Are Tight

“netTrekker continues to be one of our most important resources during these difficult economic times. The value provided by the extensive standards-aligned resources in netTrekker is tremendous. It’s a cost-savings measure for the school district to invest in the digital content available through netTrekker rather than in traditional print-based resources.

And we get so much more. . . netTrekker provides us with resources to support a variety of struggling learners through differentiated resources, read-aloud tools, resources for English Language Learners and more.”

Jill Hobson | Director of Instructional Technology
Forsyth County Schools | Georgia

Improve Education, Even in Tough Times

With a commitment to **improving education** through innovation and technology and to providing **equitable access to digital resources** for *every* learner. . .

netTrekker can help you get through this challenging time and have a **positive impact on learning and achievement** for *all* your students.
